

Tip 11: Hydraulic Crimper Videos are now available

Did you know that there are 5 hydraulic **Crimper Videos** available as selling and training tools? These video are posted to YouTube as well as to the new ContiFluid Solutions site in the Training Folder.

These are great tools for educating new distributor associates on how to crimp hoses and for showing customers the science and integrity used to ensure that they are receiving a safe and reliable hose assembly.

Five videos are posted to the new ContiFluid Solutions site as well as to the Continental - ContiTech YouTube Channel. These include the below with links:

- PC125PS: <https://www.youtube.com/watch?v=x9JbYDVTrS8>
- PC125 / PC150: <https://youtu.be/tJxJOQzeMd4>
- PC150H: <https://www.youtube.com/watch?v=IE7wbIDUB-I>
- PC200: <https://www.youtube.com/watch?v=zEGUOBM9zKQ>
- PC440 / PC600L: <https://youtu.be/Nz3SHQBQETI>

Key topics within each video include:

- Set up & installation
- Selecting proper die set & die set installation
- Verification for hose insertion length & crimp spec manual
- Setting Crimp dimensions
- Crimping a hose
