

## Tip 8: Social Media Posts for INH & HYD Hose

Did you know that ContiTech IFS Industrial Hose & Hydraulics have **Social Media** content that distributors can post to their LinkedIn, Facebook, and Twitter accounts. 18 content posts for products & equipment are available so far distributors, which give a great rotation of topics to help drive digital customers to our distributors.

An example of the content is shown below. This example of the Extremeflex Beverage hose is structured for Facebook, LinkedIn, & Twitter. All formatted for to meet the individual requirements of each social media channel.

To see the complete list of social media content available, [click here](#). To obtain the high resolution files for these posts, please contact Randy Kish at 330.664.7091 or [randy.kish@contitech.us](mailto:randy.kish@contitech.us).

Stay tuned as we create and share new content to keep the topics fresh to help drive more customers to ContiTech Distributors.
