

Tip # 3 5 : Food & Beverage Hose Rebrand

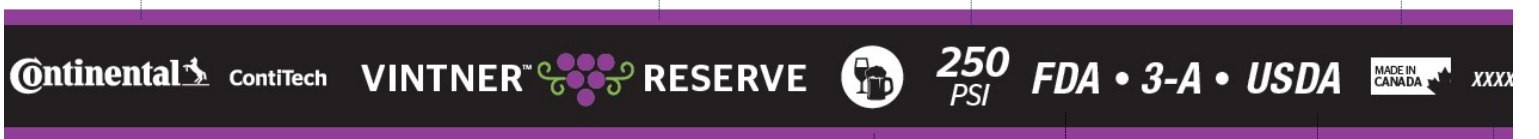

Have you noticed that we have come out with a new design for the Food & Beverage hose branding? We are redesigning the majority of Food & Beverage hose lay lines to look much nicer, contain more information and help people easily identify our hoses. This new look will give additional help to increase our brand awareness.

We are continuously updating existing branding tapes and ordering new ones with the re-design.

MAIN BRAND | PRODUCT FAMILY | SUB BRAND

WORKING PRESSURE

COUNTRY OF ORIGIN
