

Tip 59: Filtering in ContiFluidSolutions

Did you know you can now **"FILTER"** the #didyouknows & Announcements you want to see? Check out the new filtering ability in ContiFluidSolutions.

The screenshot displays the ContiFluidSolutions website interface. At the top, there are logos for Continental and Conti Fluid Solutions, along with navigation links: HOME, ABOUT, RESOURCES, WHAT'S NEW, MY ACCOUNT, and SEARCH. Below the navigation is a large orange speech bubble containing the text "#DidYouKnow". A red callout box points to a category list on the left, which includes "All", "Industrial Hose", "Hydraulic Hose", "Hydraulic Fittings", and "Digital Media". To the right of this list are two article cards. The first card is titled "TIP 56 | NITROGEN ASSEMBLIES" and features an image of a yellow hose. The second card is titled "TIP 57 | SUCTION & DISCHARGE LANDSCAPING HOSES" and features an image of a person using a hose. A second red callout box points to a category list on the left of the "Technical Notices & Announcements" section, which includes "All", "Technical Notice", "Announcement", "New Product Launches", and "e-Newsletter". To the right of this list are three article cards. The first card is titled "SEPTEMBER 2018 - E-NEWSLETTER" and features an image of a newsletter. The second card is titled "AUGUST 2018 - E-NEWSLETTER" and features an image of a newsletter. The third card is titled "JULY 23, 2018 | CRIMPIQ™" and features an image of a crimping tool. The fourth card is titled "JULY 2018 - E-NEWSLETTER" and features an image of a newsletter. A red callout box points to the category list on the left of the "Technical Notices & Announcements" section.
