

Redwing[®] Fuel Oil Delivery Hose Series

Now improved for higher performance

PERFORMANCE GUARANTEE

Redwing® is the highest quality Fuel Oil Delivery Hose on the market. And it's part of the industry's most complete hose offering, with market-exclusive products to fit any need. We invite you to experience it for yourself, risk free. Just tell us your specific Fuel Oil Delivery Hose need, and we'll send you the Redwing® hose that fits it and invoice you at the normal selling price. If it doesn't deliver at least 12 months of service life, we will reimburse you for the cost of the hose and send you a no-charge replacement. Simple as that.

REDWING® VERSABRAID™

Introducing the world's only fuel delivery hose for use with nearly all petroleum fuels.

The **VERSA**tility of the Redwing® Versabraid™ completes our Fuel Oil Delivery Hose lineup due to its compatibility with nearly all petroleum-based fuels, including fuel oil, diesel, gasoline, ethanol up to E100, methanol up to M100 and biodiesel, including B100 for intermittent use.

Putting our superior compounding to new use, the Versabraid™ is the only fuel oil delivery hose on the market for alternative fuel compatibility, making the Redwing® Versabraid™ a true **INDUSTRY EXCLUSIVE**.

ONE HOSE FITS ALL

ContiTech. Smart Solutions Beyond Rubber

The ContiTech division of the Continental Corporation is one of the world's leading industry specialists. As a technology partner, our name is synonymous with expertise in development and materials for components made of natural rubber and plastics and also in combination with other materials such as metal, fabrics or silicone. By integrating electronic components, we are also generating solutions for the future.

Beyond products, systems and services, we also provide holistic solutions and have a formative influence on the industrial infrastructure. We see digitalization and current trends as an opportunity to work with our customers to add sustainable value - for both sides and for good.
